MORE LEARNING FUN FOR PARENTS ESPAÑOL

Because ocean pollution begins at home.

Living in Los Angeles County, we share a special connection to the ocean. When it comes to the beach, we're practically neighbors! We get to enjoy public beaches where we can swim, play and have fun. It also means that no matter how far away we live from the coast, our pollution ends up on our beaches and in the ocean. Here's what everyone can do to help keep our beaches and ocean clean:

- **Watch the video below "Clean and Blue"** to learn about what causes ocean pollution and how you can help stop it. Make sure to also check out the Ocean Heroes Activity Guide for fun things to do on your own or with friends.
- **Take action!** The beaches belong to everybody, so it is everyone's responsibility to protect them from pollution. Share what you've learned by drawing a picture with a message about how to keep our beaches and ocean pollution free. Be creative!
- **Always do your part to keep our oceans and beaches clean!** Properly dispose of your trash and other items that cause ocean pollution.

Poster Contest:

HEY 3RD-5TH GRADERS!

Enter our **CAN THE TRASH! Clean Beach Poster Contest** for a chance to have your message shared with millions of beachgoers! Contest winners will have their artwork displayed around trash barrels on the beach. Simply submit your artwork to [canthetrash.com](#) by [the deadline](#).

“CASQA has become a preeminent stormwater organization and I have been honored to be part of CASQA since the organization was founded.”

- Jeffrey Endicott, 2019

What Industry Leaders Say...

“Jeff has been an integral part of CASQA from the early days – contributing to the BMP handbooks, working on multiple permit reissuances, serving as a Director, and transforming the CASQA awards program to the robust program it is today.

Jeff always asked the questions that challenged CASQA to be a better organization and helped to lead it there.”

– Sandy Mathews, M.S. – CASQA Director

“Jeff is a true leader in stormwater. He is one who values the spread of knowledge rather than its accumulation.”

– Melanie Sotelo – CASQA Construction Co-Chair

What Industry Leaders Say...

“Jeff is truly a stormwater industry leader, both inside and outside of CASQA.”

– Mark Grey, Ph.D. – BIA of Southern California

“Jeff is well known in the industry for his technical expertise. He has played an important role in helping to expand stormwater knowledge across the engineering and environmental community.”

– Jason Uhley, P.E. – General Manager RCFC&WCD
