

2017 CASQA Awards Program

In its 14th Year
Recognizing Outstanding
Projects, Activities, and Leaders in
the Stormwater Management Profession

Awards Program Mission

The mission of the CASQA Awards Program is to advance the stormwater quality management profession by identifying and recognizing exemplary leadership, outstanding projects, activities, and contributions to the field of stormwater quality management.

CASQA Listened

The CASQA Awards Program audience asked for more detail on the award winning projects and activities.

The CASQA Awardees indicated a need for award recognition at a venue closer to where the outstanding project, activity, or program occurred.

CASQA Responded

CASQA introduced Blue Ribbon
Technical & Poster Presentations
at the 2016 CASQA Conference

to highlight award winning projects and activities.

CASQA continues that successful program this year.

Blue Ribbons in the Conference
Program and App identify Awardee
presentations and posters.

CASQA Responded

CASQA will formally present the
Award Monuments to the Awardees
at a fitting
City Council, School Board, or similar venue
local to the Award.

This morning, I will announce each
outstanding project and program.
