

California Bacteria Summit September 14-16, 2022

In-Person Attendee Information

Co-Hosted by the California Water Boards and CASQA

Pre-Summit Survey

To help inform the discussions on Day 1, and to help us achieve the overall goals for the summit, we ask all attendees to please complete a pre-conference survey. Please share your thoughts in the survey by September 6th so they can be integrated into the analysis.

Survey Link: [Click here](#)

Survey Deadline: September 6th

Agenda

The agenda [can be viewed here](#).

Pre-Summit Reading

The volume of knowledge and information related to bacteria and water quality is significant. To further enrich each attendee's experience, as well as support the goals of the summit itself, a curated pre-summit reading list has been developed. Certain documents may be directly discussed in a particular agenda item (if so, it is noted on the reading list). Other resources may potentially be added prior to or after the summit.

Access the Pre-Summit Reading List: [Click here](#).

Travel and Parking

For more information on travel to the CalEPA Headquarters Building, please see [Travel to the CalEPA Headquarters Building | CalEPA](#). Additionally, the City Hall Garage directly across the street is currently offering a \$3/day commuter parking special, with some limitations, available at [My.SacPark.org](#)

Restaurants

Information on restaurants near the CalEPA Headquarters Building [is available here](#).

For lunch, a 1.5-hour break will be provided on September 14th and 15th, and 1 hour break will be provided on September 16th. We encourage everyone to use this time to eat and recharge. To ensure we can stay on-track with the agenda each afternoon, we strongly encourage attendees to plan accordingly and return ready to re-engage.
