

## **2023 CASQA Fellowship Program - Candidate Fellowship Project 4**

### **FACT SHEET ON PFAS**

#### **INITIATIVE DESCRIPTION**

To develop a CASQA fact sheet on PFAS.

#### **DESIRED OUTCOME OF INITIATIVE**

Provide guidance to regulated entities that may have to monitor, treat, and/or dispose of PFAS compounds, and identify data gaps and needs to support next phase in PFAS policy and source control.

#### **SCOPE**

- Conduct a literature review to develop PFAS Fact Sheet.
- Develop the proposed structure and content of the Fact Sheet.
- Develop an outline, draft and final Fact Sheet that identifies, at a minimum - the fundamentals of the pollutant (sources and properties), monitoring, mitigation strategies, data gaps, and guidance.

#### **DELIVERABLES**

- a) Develop proposed structure and content for the Fact Sheet
- b) Discuss with the subcommittee; develop a summary of the feedback
- c) Develop Draft
- d) Discuss with the subcommittee; develop a summary of the feedback
- e) Develop Final PFAS Fact Sheet
- f) Provide presentation to the subcommittee for the Final Fact Sheet
- g) Additional work as requested
