

CASQA 2026 Annual Conference

Registration Brochure | October 26-28, 2026

SAFE Credit Union Convention Center
Sacramento, California

Conference Overview

For more than twenty years, CASQA has created a space where the preeminent thought leaders in the stormwater community gather to share ideas, build relationships, and drive the evolution of sustainable stormwater management.

The CASQA Annual Conference is widely recognized as the premier event for stormwater professionals, bringing together more than 1,200 attendees each year from across the broader water community. Local, state, and federal decision-makers join engineers, scientists and researchers, program leaders, consultants, contractors, planners, policy specialists, and attorneys for multiple days of training, technical discussions, and exhibits addressing the most pressing challenges and opportunities facing our field.

About Us

The California Stormwater Quality Association (CASQA) advances sustainable stormwater management protective of California water resources. The Annual Conference is a core expression of this mission - serving as a forum to exchange knowledge, elevate best practices, and build community.

CASQA Conference By the Numbers

1,200+

attendees from across
California and beyond

125+

technical presentations

70+

Exhibitors

1 all-attendee networking event

1 exhibitor-focused reception

Where the Stormwater Community Learns and Leads

Guided by CASQA's Vision for Sustainable Stormwater Management, our community is focused on solutions - maximizing stormwater capture, advancing true source control, strengthening funding for stormwater programs, and recognizing stormwater as a vital resource. The conference reflects what makes CASQA exceptional: a collaborative community committed to learning from one another, inspiring solutions, and making a lasting impact.

- › Exhibitor Reception

Wednesday, October 28

- › Exhibit Hall & Poster Display
- › Multi-Track Technical Sessions
- › Exhibitor-Sponsored Prize Drawing
- › Capstone Session

The Ideas and Innovations Advancing Stormwater

The CASQA Annual Conference features a comprehensive technical program covering the most important issues shaping stormwater management today. Sessions span topics such as climate resilience and sustainability, green infrastructure and stormwater capture, municipal, construction, and industrial permit implementation, policy and funding strategies, monitoring and scientific research, pollutants of concern and true source control, and community engagement. Together, these topics highlight the ideas, innovations, and practical solutions advancing effective, science-based stormwater management.

Exhibit With CASQA

CASQA's Annual Conference is the premier gathering for the stormwater community in California and beyond. Exhibiting at the conference places your organization in front of a highly engaged audience of public agencies, private businesses, consultants, vendors, and industry leaders actively seeking solutions, expertise, and partnerships.

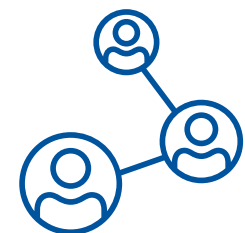

Exhibitors at the CASQA Annual Conference consistently report strong engagement and high-quality interactions with stormwater professionals and decision-makers. Many exhibitors have participated for 10, 15, and even 20 years - demonstrating the long-standing value of the conference - while new exhibitors continue to find meaningful opportunities to connect with attendees. Each year, exhibitors and attendees exchange more than 1,000 leads, both in person and through CASQA's event app, creating valuable connections with public agencies across California.

To further support exhibitor success, the conference features a dedicated exhibitor reception, offering additional opportunities to connect with attendees in a relaxed, relationship-building environment.

“CASQA is the best place to catch up on the latest stormwater news, research, regulatory developments and product innovations that impact the California stormwater management community. We wouldn't miss it!”

Vaikko Allen and Sean Hasan,
Contech Engineered Solutions
20-year exhibitor

1000

exhibitor leads

exchanged through in-person engagement and the CASQA event app in 2025.

Exhibitor Booth Options

Choose Your Level of Visibility

CASQA offers three exhibit booth tiers, allowing organizations to align investment with exposure.

Regular Booth

A strong presence within the exhibit hall, ideal for organizations seeking consistent exposure and direct access to attendees.

Premium Booth

Regular booth benefits + enhanced visibility in higher-traffic areas of the exhibit hall.

Super Premium Booth

Maximum exposure in the most prominent exhibit hall locations, designed for organizations looking to elevate brand awareness and engagement.

Booth Pricing

Booth	CASQA Member	Non-Member
Regular	\$3,000	\$4,000
Premium	\$3,500	\$4,500
Super Premium	\$5,500	\$7,500

Key Details for Exhibitors

- › Exhibitor registration opens May 20, 2026 for CASQA members and May 27, 2026 for non-members.
- › Registration closes on Friday, September 11 at 5pm PT
- › Exhibitors receive first opportunity to reserve the best booths at next year's conference!
- › Participate in our exhibitor-sponsored prize drawing that increases engagement and foot traffic in the exhibit hall. Past exhibitors have raffled off TVs, coolers, and more!
